Summary

2020 – 2021: Started as a DevOps Engineer focusing on CI/CD pipeline design and implementation for telecom applications. Automated build and deployment processes using Jenkins and shell scripting, reducing manual effort by 30%.
2021 – 2023: Advanced to managing Infrastructure as Code (IaC) with Terraform, AWS CloudFormation, and Ansible, enabling faster and consistent provisioning of cloud resources. Introduced monitoring solutions with Prometheus and Grafana, improving system observability and reducing downtime by 20%.
2023 – Present: Transitioned into a Cloud Engineer role, architecting and managing AWS environments for telecom products. Implemented cloud security best practices with IAM and automated repetitive tasks using Python, cutting operational overhead significantly. Led deployments of telecom services in cloud environments, ensuring scalability and compliance with industry standards.

Skills and Tools
Linux: Shell Scripting, Package & Service Management
CI/CD: Jenkins, GitHub Actions and Argo CD + Jenkins
IaC: Terraform, Ansible
Containers: Docker, Kubernetes
Cloud Platforms: AWS
Monitoring: Prometheus, Grafana
Version Control: Git

Experience
Reliance Property Project Limited | PUNE

DevOps Cloud Support Engineer - Sep 2020 to till date

- Ensure builds and deployments are running smoothly.
- Fix broken pipelines or failed deployments.
- Optimize pipeline performance and reduce build times.
- Manage container-based deployments with ECS, EKS, and Fargate.
- Automate infrastructure with CloudFormation or Terraform.
- Manage AWS services: EC2, S3, RDS, IAM, VPC, etc.

Accord synergy ltd | PUNE

RNO (Airtel -Nokia Project) July 2019 to Sep 2020

- Improved network efficiency by optimizing latency and bandwidth.
- Configured and maintained routers and switches with VLANs and routing protocols (OSPF, BGP).

Secure link PVT ltd| PUNE

Project Coordinator (BSNL, Airtel, Vodafone -Nokia Project)

Feb 2017 to July 2019

- organizes and manages the various parts of a project to ensure its success.
- Coordinates, and has direct responsibility for, a project or specific set of tasks related to a function or program or department/business unit
- Managing DPR & MDB and P&L

Syncroute Infranet Pvt Ltd| MH

DT Eng. (Airtel, Vodafone -Nokia Project and Jio – Samsung project)

Mar 2016 to Feb 2017

- Worst KPIs cells improvement analysis.
- Managing customer complain for low throughput.

Ahead industry Pvt Ltd| MP CG, GU, RJ and MH

DT Eng. (Airtel, Vodafone -Nokia & Ericson Project and Jio – Samsung project)

Mar 2015 to Feb 2016

- Worst KPIs cells improvement analysis.
- Managing customer complain for low throughput.

Mphasis| Indore

Tech C.S.R

Mar 2014 to Feb 2015

Education

RGPV | Bhopal B.E in Electronic and Telecommunication Engineering *2013*
MP Borad | 12th *2009*
MP Borad | 10th *2007*
